

## THE UNIVERSITY OF QUEENSLAND CANOE CLUB

### LAKE WIVENHOE

A social training trip to try out tippier flat-water boats in a clean environment and boost your skills! This is a day trip to Lake Wivenhoe to practice and develop the skills to paddle tippier boats such as TK1s and K1s.

S

At this event we would take many kinds of TK and K flat-water boats to Lake Wivenhoe for the day. This is a great chance to try tippier boats and improve your paddle skills. The quickest way to improve is to push your limits, and Lake Wivenhoe is a good environment for doing so.

We are going to get some food on the way and do a small barbecue—otherwise bring your own food.

#### How to get there

The destination is approximately 50 min to 1 h drive from Brisbane or further if you are coming from the east or southern sides of Brisbane.

- 
- Follow the Ipswich Motorway (signposted to Warwick/Ipswich/Toowoomba).
  - Turn off this motorway to the Warrego Highway (this is the road to Toowoomba, NOT Ipswich or Warwick).
  - After 15 km, turn right to Esk (the Brisbane Valley Highway).
  - Proceed to Fernvale (15 km), then on cross Wivenhoe dam wall and spillway (9 km).
  - After 6 km, turn right into Hay Rd (sign to Logan Inlet), then left into Logan Inlet Rd after 1 km.
  - After 2.5 km, the road forks right to the Day use area (0.5 km) on the western shores of Lake Wivenhoe. We'll set up at or close to the picnic table on the left of the boat ramp.

We will be arriving at the day use area around 9:00 am, and we will be setting up a position on the bank, hopefully under a shady tree. Below is a link to a brochure about Wivenhoe Dam, which includes a map on the last page. Go to **the Logan's Inlet day use area**—to the left of the boat ramp. This is well signposted and there is mobile phone coverage, although the latter can be patchy depending on your carrier. There are BBQ facilities, sheltered picnic tables, toilets, and showers (hot and cold).

Other information is available on the [SEQWATER's website](#).

That part of Lake Wivenhoe is protected from wind and is a beautiful setting to practice and try a range of TK1s and a K1. It is a fresh water reservoir, and there are limited hazards in the water. It is a 'friendly environment' to fall out of kayaks!

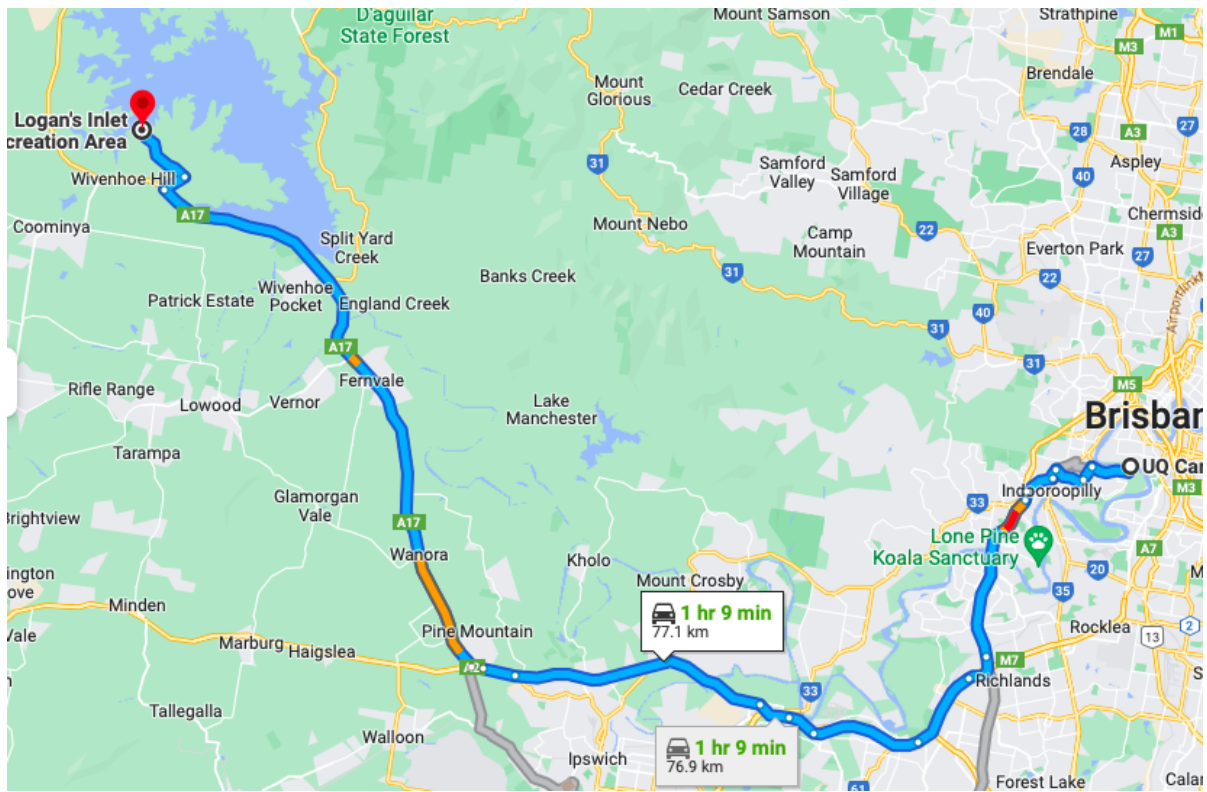

We intend to bring a range of TKs and K1s, so that everybody can have a go. Hopefully, we will be able to go for a short paddle once we have acquired some skills. We will bring kayaks, PFDs, paddles, and required safety gear as appropriate for the activity. You will need to bring water (although drinking water is readily available at the camp site), lunch, snacks, sunscreen, hat, and sunsmart clothes. It is likely to be warm and a **spare change of clothes** is essential as you will be getting wet.

**Lunch option.** For those who are interested, we will have a small barbecue available and will purchase items for a very basic lunch. Please indicate your interest in joining in and indicate any food requirements/allergies in the comment section when you register. It usually costs around 5 AUD per person.

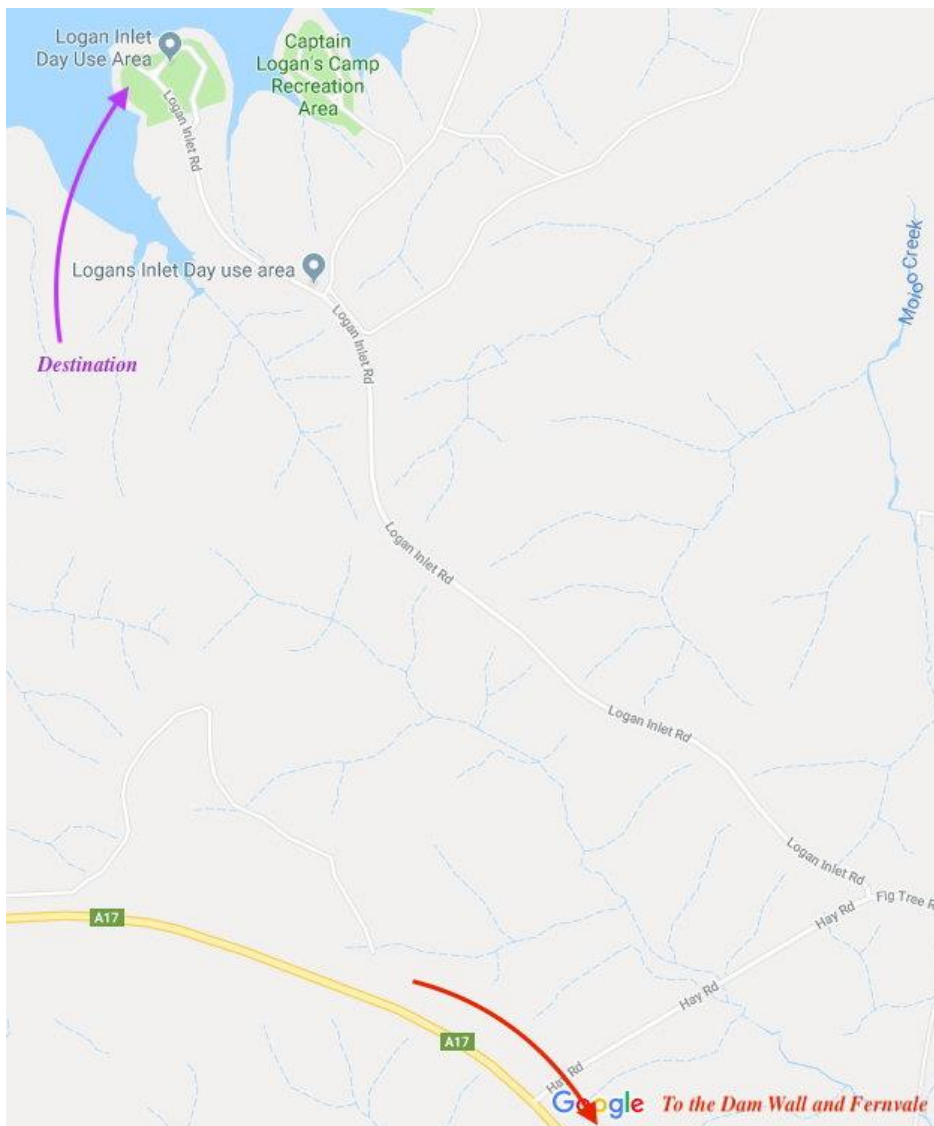

We can coordinate a lift for people who do not have a car as the time approaches. Please advise your transport arrangements (i.e., whether you have a car or need a lift) when you register for the trip. Please indicate how many people you can take and if you have roof rack/cradles if you have a car.

The usual 'wear & tear' fee applies and money should be sent to club accounts via the info in the shed/PayID. This is done on the day. Bring some money for coffee/snacks/lunch as we will probably stop for coffee at Fernvale, and the lunch option.

## General Risk Management

<b>Paddler Requirements</b>	<p>Paddlers must advise leaders if they have health issues or injuries that may affect participation. Ensure medication is carried and is accessible. If unsure, they should check with their doctor beforehand.</p> <p>Participants must self-assess their, and their equipment's ability to cope with this grade of club event. Any concerns or anything needing clarification should be raised with the trip leader beforehand.</p> <p>Participants should have an appropriate level of fitness and must have successfully completed the UQ Sport 400 m swim test.</p> <p>This is not a long paddle trip. You will be in and out of kayaks for limited periods during the day, so it is not going to be a strenuous activity other than the potential for swimming.</p>
